

PHASE DOCUMENTATION

Phase 67 — Enterprise Release Command Center

Milestone

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

Phase 67 contains Sprint 766.

The platform now provides a unified command center spanning:

- release authorization;
- immutable authorization history;
- promotion governance;
- progressive rollout;
- rollback governance;
- environment status;
- incident visibility;
- operational analytics;
- compliance audit exploration.
