

PHASE DOCUMENTATION

Phase 68 API Contracts

POST /release-intelligence/risk/evaluate

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

Evaluates a release risk profile.

Returns HTTP 200 when below the blocking threshold and HTTP 409 when blocked.

POST /release-intelligence/performance/analyze

Analyzes deployment records and returns KPIs, per-strategy performance, a preferred strategy, and recommendations.
