

SPRINT DOCUMENTATION

Sprint 2 Notes

ServicePro product and operations documentation

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

This sprint keeps JSON datastore runtime for no-friction local execution and adds the first production PostgreSQL schema target.

Completed:

- Job detail screen
- Job edit/delete
- Job status updates from list, detail, and technician views
- Technician account creation
- Technician My Jobs workflow
- Job notes
- Job media uploads for image/PDF files
- PostgreSQL target schema
- Windows and Linux run scripts

Next sprint should introduce real PostgreSQL runtime adapter, estimates, invoices, and dispatch calendar.
