

SPRINT DOCUMENTATION

Sprint 21 - White-Label SaaS Administration

ServicePro product and operations documentation

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

This sprint adds the platform-owner layer needed to manage many service-business tenants.

Included:

- Tenant branding profile
- Tenant license table
- Feature flag catalog
- Tenant feature assignments
- Subscription plan catalog
- Usage meter events
- Remote configuration records
- Tenant provisioning request model

Production follow-up:

- Add billing provider integration.
- Add installer onboarding UI.
- Add automatic DNS/domain verification.
- Add plan-limit enforcement middleware.
