

SPRINT DOCUMENTATION

Sprint 28 - QA and Release Verification

ServicePro product and operations documentation

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

This sprint adds a quality gate foundation for future ServicePro releases.

Included:

- Smoke test structure.
- Seed data validation checks.
- API contract test skeleton.
- Migration file validation.
- Accessibility checklist.
- Security regression checklist.
- Release verification report template.
- PostgreSQL QA metadata tables.

Production follow-up:

- Add Playwright end-to-end tests.
- Add Jest/Vitest unit tests.
- Add Supertest API tests.
- Add CI/CD pipeline enforcement.
- Add Lighthouse accessibility automation.
- Add dependency vulnerability scanning.
