

SPRINT DOCUMENTATION

Sprint 61 - Scheduling and Dispatch Runtime

What changed

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

Apply this patch over Sprint 60.

- Added technicians.
- Added appointments.
- Added schedule conflict detection.
- Added dispatch assignments.
- Added scheduling/dispatch RBAC permissions.
- Added JSON and PostgreSQL repositories.
- Added PostgreSQL migration.

Endpoints

```
GET    /api/v1/technicians
