

SPRINT DOCUMENTATION

Sprint 765 — Automated Rollback Governance

ServicePro product and operations documentation

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

Rollback triggers:

- elevated error rate;
- excessive p95 latency;
- availability degradation;
- repeated health-check failures;
- paused rollout state.

Governance controls:

- current and previous release identity;
- change ticket;
- accountable operator;
- deterministic rollback authorization ID;
- execution evidence;
- incident reference;
- root-cause evidence.
