

USER GUIDE

Getting Started with Your ServicePro Free Trial

Starting Your Trial

Publication edition | 2026-08-03

Document Control

Purpose	Enterprise platform overview and buyer evaluation reference
Audience	Business leaders, platform administrators, evaluators, partners, and technical stakeholders
Scope	Capabilities, architecture, security, deployment, adoption, outcomes, and terminology
Source	ServicePro repository documentation; technical meaning preserved

Welcome to ServicePro! This guide walks you through setting up your trial workspace and exploring the platform.

- 1 Go to the ServicePro website
- 2 Click Start free (top-right corner)
- 3 Enter your name, email, and create a password
- 4 Click Continue and enter your company name and industry
- 5 Click Start free trial
- 6 Check your email for a verification link (in development, you'll be logged in automatically)

Your trial lasts 14 days and includes full access to ServicePro Professional — no credit card required.

What's Included

Your trial includes:

- Up to 3 team members
- Up to 50 customers
- Up to 25 work orders
- Up to 20 invoices
- Dashboard, scheduling, dispatch, CRM
- Customer portal preview
- Storefront builder
- AI assistant
- Knowledge base
- Reports and exports
- Notifications

First Steps (Setup Checklist)

After logging in, you'll see a setup checklist on your dashboard. Work through these steps to get the most from your trial:

1. Add company information

Go to Settings and fill in your business name, address, phone number, and logo.

2. Configure business hours

Set your operating days and hours so scheduling works correctly.

3. Select your services

Add the services you offer (plumbing repair, AC maintenance, lawn care, etc.).

4. Add or invite team members

Invite technicians or office staff. Each gets their own login.

5. Add your first customer

Create a customer record with their name, phone, email, and address.

6. Create your first work order

Create a job, assign a technician, and walk through the lifecycle (scheduled → in progress → completed).

7. Preview your customer portal

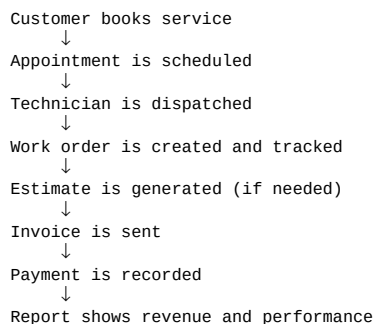

See what your customers see when they log in to check appointments and invoices.

8. Publish or preview your storefront

Build a simple website where customers can request service online.

The Core Workflow

ServicePro connects your daily operations in one place:

Trial Status

You can always see how many days remain in your trial from the banner at the top of the dashboard.

When your trial ends:

- Your data is preserved (nothing is deleted)
- Editing and operational actions are paused
- You can still sign in and view your data
- You can upgrade at any time to resume full access
- You can export your data if you decide not to continue

Upgrading

Ready to keep using ServicePro? Click View Plans in the trial banner or go to Settings → Upgrade.

Plans start at \$49/month for small teams. Our sales team can help you find the right fit — just click Contact Sales in the upgrade page.

All your trial data (customers, jobs, invoices, settings, storefront) is preserved when you upgrade. Nothing to re-enter.

Getting Help

- Help center — Click the help icon in the sidebar
- AI assistant — Ask questions about ServicePro features
- Documentation — Browse guides for each module
- Email — support@aardvark-enterprises.net

FAQ

Do I need a credit card to start? No. The trial is completely free for 14 days.

What happens when the trial expires? Your data stays safe. You can sign in, view data, and export it. To resume full operations, choose a paid plan.

Can I extend my trial? Contact our team and we can extend your trial if you need more time.

Can I use my own domain for the storefront? During trial, your storefront uses a ServicePro subdomain. Custom domains are available on paid plans.

Is my data private? Yes. Each trial workspace is completely isolated. No other user or tenant can see your data.
